

Coverage Information

Every wedding is unique and special; at Megan Blethen Photography we strive to capture your important day, giving you timeless and precious images.

When a wedding event is scheduled, a deposit is required to reserve that date. A quarter of the package price is due the day the wedding date is reserved. The rest of the payment is required two weeks before the wedding date.

A viewing for the images may be scheduled ahead of time or after the event. Please allow one to two weeks for the images to be combed over.
